It is by the judicious use of such articles of diet a constitution may be gradually built up and strengthened, and the body made strong and robust. THE ATLANTIC AND PACIFIC TELEGRAPH CO. FURTHER LARGE REDUCTION OF RATES.

Having completed a new through wire between New York and Chicago, the construction of which was begun on March 3, and having other new wire facilities in like proportion, we present the lowest rates ever charged between the ATLANTIC AND PACIFIC TELEGRAPH COMPANY, in recognition of the very largely increased number of messages sent, and more important import and reduction in rates, respectively announced the increase of the uniform rate of twenty-five cents for ten words between the offices east of the Missouri river, including Omaha, and the west of the Mississippi, and the Atlantic and Pacific Telegraph Company, to take effect April 1, 1877.

This Company is now rapidly extending its line south from Washington City, and will connect with the Atlantic Coast route, and from Louisville via Nashville and the interior cities to Mobile and New Orleans, upon the completion of the new line, the rates will be extended throughout the Southern States.
